

## MEMORANDUM

To: Florida Energy and Climate Commission  
Date: May 23, 2011  
Subject: Update of HVAC and Solar Rebate Programs

---

The Florida Legislature passed House Bill 15A, an act related to energy efficiency rebate programs, during the November 16, 2010 Special Session. The bill was signed into law on November 17, 2010.

The Commission has requested the Governor's Energy Office to submit a periodic report at each subsequent FECC meeting until the funds approved in HB 15A are fully expended.

An update on each Program is as follows:

### HVAC Rebates

- Total number of applications approved and paid is 4200+
- Total dollars to pay all applications is approximately \$6.4 million
- The specific amount of ARRA-SEP funds used per HB 15A: **\$3,997,756**
- **The last set of rebate cards have been mailed**
- **THIS PROGRAM IS COMPLETE AND NEARING CLOSE OUT**

### Solar Rebates

- Specific ARRA-SEP dollars available to pay approved solar rebates:
  - **\$24,904,867** available to pay
- Total number of approved PAPER applications (to date):
  - **9,241** (valued at approximately **\$33.9 million**)
- **3,232** ONLINE applications (NOT yet approved) totaling: \$13,160,790
  - In process of qualifying ONLINE applications (*two additional OPS staff hired specifically for purpose of reviewing and qualifying applications*)
- Solar rebate payments are estimated to begin in Summer 2011
