

Florida Solar Coalition's talking points on the RPS draft rule

1. More aggressive goals: 20% by 2020
Goals are as stated before: Jan. 1, 2010-2014; 4-8% - 1% per year
Jan. 1, 2014-2020; 8-20% - 2% per year
2. Conditions for IOU self-build option
RFPs with input in the development of RFP by stakeholders
3. Compliance
IOU must prove that it has tried in good faith to secure renewable energy from others
 - a. Banking credits - (credits last more than 2 years)
 - b. Issuing renewable RFP
 - c. Long-term contracts with third parties
4. No hourly REC market
5. Standard offer contracts for small systems.
6. Contract term will be minimum of 20 years
7. Maintain the carve out language for Class I renewables
